

AWG COMMERCIAL BATTERY STORAGE SOLUTION

Aspen Woods Commercial Battery Storage Solution

Aspen Woods Commercial Battery Storage Solution, is a high-performance, all-in-one, containerized battery energy storage system, which provides C&I users with the intelligent and reliable solution to optimize energy efficiency and resilience. The product is certificated by UL1973, UL9540A, IEC62619, CE, UN38.3, provides secure, reliable and safe power supply.

With capacity of 2,752kWh@20ft and 3,440kWh(DC)@20ft, is ideal for mostly utility and C&I applications, such as renewable energy power plant supplement, factories, buildings, etc. The integrated and easy-to-install BESS can be easily connected and matched with the equipment, while the advanced BMS and cloud-based operation platforms bring superior interaction experience for users.

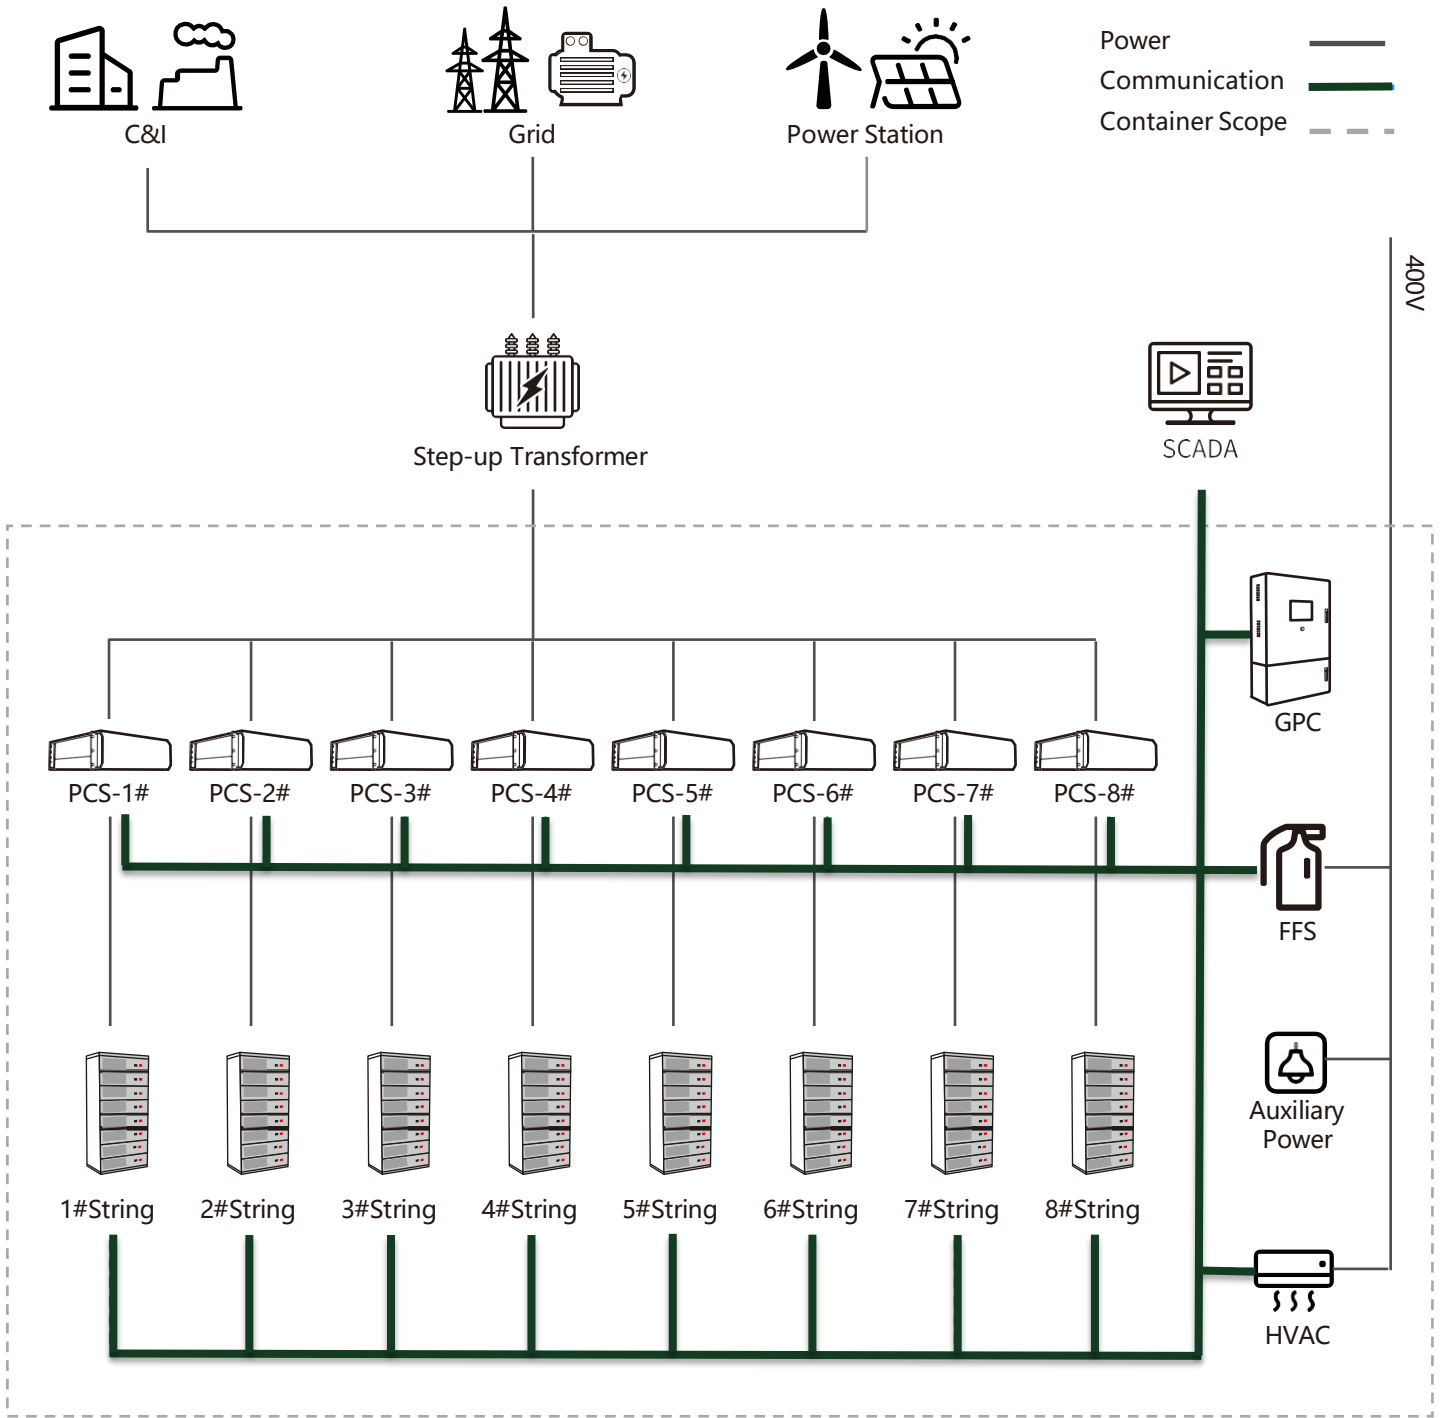

Application Areas:

- Smooth New Energy Output
- Voltage, Frequency Support, Frequency
- Modulation Peak Valley Arbitrage
- Demand Management
- Construction of Microgrid

AWG Commercial Battery Storage Solution

System Topology

More Energy	All-in-one Design	Simple O&M	Safe & Reliable
Pack-level Optimization String-level Optimization	AC/DC All-in-one Design Reducing Initial Investment	No periodic balancing	Modular Design High Availability
